Subject: [Redacted] Citizen Name/Ex. 6

[Redacted] Citizen Name/Ex. 6 owns the mine claim — [Redacted] Personal Address/Ex. 6 along Cement Creek just above Illinois creek that drains into CC. He is apparently in some lawsuit with [Redacted] Citizen Name/Ex. 6 and the County and has questions concerning “innocent landowner”. I had sent him a letter on June 10th requesting access for WQ sampling. Can you call him and respond to his questions on the access agreement and his concern about innocent landowner. Thank you.

He is available today at this # [Redacted] Personal Phone/Ex. 6 If you don't reach him today, he can be reached tomorrow on his cell phone @ [Redacted]

Let me know what happens. Thanks.
